Re: Right to Know Request Received April 9, 2026

Dear Ms Thomson,

Thank you for your request. As you know from our last correspondence, I am the District's Board appointed Right to Know Officer. On April 16, 2026 I wrote to you imposing the permitted extension on the district's final response to a date on or before May 18, 2026. This is that final response.

As I understand your request, you are requesting historical class size data by grade and by building for the five Upper Merion Area School District Elementary Schools for the 2021-22, 2022-23, 2023-24, 2024-25 and 2025-26 school years.

Your request is granted. Please find the information requested attached.

This letter will serve to close the District's file for this request.

Respectfully.

Michael P Keeley

Michael P. Keeley
Business Administrator & Open Records Officer
Upper Merion Area School District
